

The background of the entire image is a close-up, high-resolution photograph of a grey, coarse-grained aggregate material, likely used in landscaping or construction. The texture is granular and uneven, with various shades of grey and brown. Overlaid on this background is the company logo. The logo consists of the letters 'R.I.' in a bold, white, sans-serif font, positioned to the left of the word 'Lampus'. 'Lampus' is written in a very large, bold, white, italicized sans-serif font. Below 'Lampus', the word 'Company' is written in a white, cursive script font.

WET-CAST PRODUCTS

COLOR NAME	BASE COLOR	ACCENT COLOR
CHARCOAL	GREY	BLACK
MOUNTAIN RUSTIC	TAN	BLACK

The colors of products shown in this catalog are to be used as representations or guidelines only. Colors may also change from production run to production run. The coloring process of our wet-cast products is designed to mimic a wide variation and range similar to natural stone. Color values and intensity will vary between blocks, pallets, and production runs. It is extremely important that you do not select colors based exclusively on photographs. Color selections should always be made from actual product samples and viewed under the typical lighting of your specific project. Check with the sales department for availability.

NATURAL STONE

A high-angle photograph of a wooden bench with a light-colored top and darker legs, resting on a floor of dark blue, antiqued marble tiles. The tiles are rectangular and arranged in a staggered pattern, showing natural veining and texture. The lighting creates soft shadows on the floor.
